Pope Francis

### "Come and See"

The theme for the 2021 World Day of Social Communications chosen by Pope Francis echo the words of the Apostle Philip, so as to recall that communication consists in "encountering people as and where they are".

The words "Come and see" are central to the Gospel. Before the Gospel is proclaimed, prior to words, there are "looks, testimonies, experiences, encounters and closeness. In a word, life."

A message accompanying the theme's announcement states:

"In the epochal change we are experiencing, in a time that obliges us to social distance due to the pandemic, communication can enable the closeness that is necessary to recognize what is essential, and to truly understand the meaning of things.

"We do not know the truth if we do not experience it, if we do not meet people, if we do not participate in their joys and sorrows. The old saying "God meets you where you are" can be a guide for those engaged in media or communications work in the Church. In the call of the first disciples, with Jesus who went to encounter them and to invite them to follow Him, we also see the invitation to use all media, in all their forms, to reach people as they are and where they live."
